*****The below Errors occurred when we tried to test the system. We used the same VMS id that Apoorva created on call and encountered system failures that would not allow us to progress our testing day.**

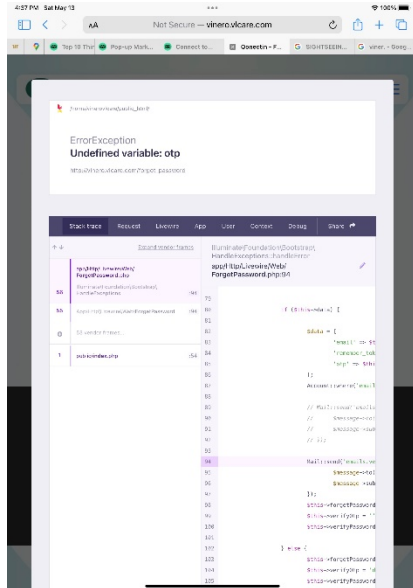

Registration EDIT

1. Cannot see the password, needs to show password on login and create account
2. I set up another email and the showed the same error
3. Registered an account, then upon login the system gave “wrong credentials” Error
4. Logged out, and upon sign in, the system asked for VMS ID – should not ask for VMS Id, once the registry is attached to the VMS id

Forgot Password ERROR

1. Attempted forgot password, and this screen came up without password recovery

Done

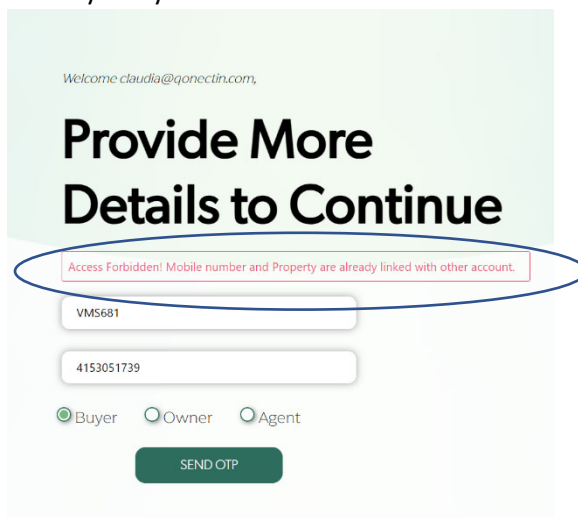

List property ERROR

1. Only allowing to list property 2 days forward. The property should be able to actively list asap.

This is as per the functionality working in the app.

Log in as Buyer ERROR

1. Could not log in to VMS id created by Apoorva. I have not registered with any other VMS id.
2. Is there a way to detach/exit VMS id? **2. in Phase 1, you cannot exit from a property. You can only withdraw the offer**
3. What does this message mean? What is an account? To me, an account is my registration identity is my account.

3. This mobile number and Property ID are linked with other email, and you have used another account to access your offer which is not possible.

Acquisition Strategy ERROR (as buyer): see video attached

1. Cannot input loan amount
2. Cannot enter direct lender
3. Cannot enter additional financing terms
4. When you press continue or save, the system errors out.
5. Contact timeline: error

My Offer page EDIT

1. Entity: "LLC" need to be capitalized **Done**
2. Smart Offer terms tab: Cannot choose any other tabs

This happens the first time you create an offer. The form is submitted step by step and once the offer is submitted, you can go to specific tab directly

Mobile App Login ERROR

1. VMS id does not work
